

The screenshot displays the PatSnap software interface. At the top, there are five buttons: Search, List, Browse, Queue, and Clear. Below these is a text input field containing 'USPAT: US-PGPUB' and a checkbox labeled 'Plurals'. The 'Default operator:' is set to 'OR'. A checked checkbox indicates 'Highlight all hit terms initially'. The main search area shows the query '11 and bolt with pawls' in a monospaced font. The right side of the interface features a vertical toolbar with icons for document management and a large, empty rectangular area for displaying search results.
